Soft Skills	Communication, Self-learning, Time management, Adaptability, Teamwork

WORK EXPERIENCE

Frontend Development Intern   Aug 2023 - Nov 2023
PROZO DISTRIBUTION PRIVATE LIMITED   *Gurugram, Haryana*

- Developed responsive web components for the PROINSIGHT website.
- Used ReactJS, JavaScript, HTML, CSS, and frameworks like Material-UI and Bootstrap for development.

Content Creator Intern   Dec 2022 – Mar 2023
ANCHORING LIVES FOUNDATION   *New Delhi, Delhi*

- Managed the company website and created question papers, solution papers, and solution videos.
- Utilized Microsoft Word, Excel, and PowerPoint for content creation and presentation.

PROJECTS

Fitness Exercises Web Application A React.js fitness app utilizing Rapid API to provide a seamless user experience with over 200 searchable exercises, including cardio and strength training. It features filtering, pagination, and personalized workout plans, all in a responsive design for easy access across devices.

Personal Portfolio Developed a personal portfolio with vanilla JavaScript, CSS, and HTML featuring a rotating navigation menu, a theme toggle with saved preferences, and input fields for name, email, and message.

Snake Game Implemented a snake game using vanilla JavaScript, CSS, and HTML. Control the snake with arrow keys, check for collisions, randomly generate non-overlapping food, and update the snake's length and score, all styled with CSS.

EXTRA-CURRICULAR ACTIVITIES

- I am passionate about water painting and crafts. I actively participated in Prisma, a college society dedicated to the arts, where I honed my creative skills and engaged in various artistic works.
